

REMARKS

This amendment correct an error in the amendment previously submitted. The density limitation in claim 1 as previously amended was expressed incorrectly. To fix this error, the density limitation has been removed from claim 1 and placed, in correct form, into new claim 11. The new limitation in claim 1 is supported at page 5 line 1 of the specification.

In addition, in the previous response, applicants mistakenly identified 2 X 10-3 torr (0.266 Pa) as Zabinski's "lowest" pressure; instead, it is Zabinski's highest indicated pressure, which is consistent with the arguments made in the previous response.

Respectfully submitted,  
GARY C. COHN PLLC
